C & L Milled Putters welcomes you to our website!

Our putters are USA one-piece milled from carbon steel or 303 stainless steel. Our standard head weight is 350+ grams and we offer 370+ gram heads in limited numbers. We mill our putters in small runs to control the quality of our heads. They are 100% hand stamped and assembled in our shop.

Classic designs in Tour quality putters that offer you:

- Control over how your putter is stamped - You Design the Stamps!
- Choice on alignment aides - Site Dots, Site Lines, or a combination
- Choice on carbon finishes such as Std Oil, Dark Oil, Black Ox, or 3x Black
- Choice on Stainless finishes such as III Blast, 2X Satin, or a High Polish
- Choice on paint colors, grip colors (IOMIC), and head covers (AME)
- Built to your custom specs -- Loft, Lie, and Length
- Nippon shafts, Iomic grips, and Ame head covers are all included

in our std price

If you'd like more information, please email us via the "Contact Us" page or you can order a putter via the "purchase" tab. For Finish and Stamping Ideas, please enjoy the gallery page.

Thanks,
C & L Milled Putters
